

## HIA Member Connect is Here!

HIA is inviting members to place advertisements on Member Connect, an on-line bulletin board linking members to other members and the public through hia.com.au.

Member Connect allows a member to post an on-line advertisement (including photographs) in three categories: For Sale, Jobs and Wanted.

Items that can be advertised on Member Connect can include power tools or equipment for sale or wanted, second-hand vehicles, building materials and products as well as positions vacant or wanted.

While the public will be able to access Member Connect to purchase products or hire a member's services, only HIA members will be able to post an on-line advertisement.
